~ Introduction to Plant Medicine ~

When:

Saturday, October 22nd 9am and goes until 5pm. (with a short lunch break)

Sunday, October 23rd, 9am and goes until 5pm (with a short lunch break)

Please arrive by 8:30 and be prepared to start at 9am.

Where:

Linne Doran is located about fifteen minutes outside of Duvall in the foothills of the Cascade Mountains. You can find a map and driving directions on our website:

<http://wildernessawareness.org/about/campus/maps/>

What to Expect:

We will be spending significant time outside regardless of the weather. We encourage you to be prepared for all types of weather and bring several layers so that you can be comfortable throughout the class.

During this weekend intensive we will introduce you to the basics of plant medicines with hands on plant identification, medicine making and biochemical instruction. We also will be practicing deep connection to forest and plant with the purpose of embarking you on a connection journey that will last a lifetime. Our approach is both intellectual and intuitive-this will help you create a multifaceted relationship with native plants to support your specific health needs on many levels. Some medicines we will make are tinctures, oils, infusions, food as medicine and more

As this program is about unplugging, we will ask people to turn off their devices and only use for emergencies.

Facilities:

Personal facilities for your use include an indoor toilet and sink and several port-a-potties, along with drinkable water.

Food:

No meals are provided with this program. Please bring a lunch and snacks.

How to Get There:

Driving directions and maps can be found at:
